

Starbucks - Staff and Customers

Over recent months **Connie Johnson** has been working hard to raise funds and awareness for **DeBRA**, a national charity working on behalf of people in the UK with the genetic skin blistering condition Epidermolysis Bullosa (EB).

Her specific aim has been to fund the initial training and thereafter the ongoing support costs for a specialist nurse, deployed at key hospitals around the country and in the community, supporting children and their families dealing with this debilitating condition.

To date, over £30,000 has been raised in no small part to the generosity and kindness of the staff, and YOU, the customers of Starbucks

Thank you for your continuing help and support!!
