

If you are under 18

Thank you for choosing to support DEBRA UK. There are some great ways that you can support us, from getting your school involved, to taking on a challenge of your own.

Please email miranda.webber@debra.org.uk to ensure that we can fully support you. As you are under 18, there are some extra things you must do:

- Ensure that a parent/guardian knows and is happy with your fundraising plans, that they give permission for photos to be used on social media before you send any to us, and they are aware we comply with the [CIOF code of fundraising practice](#).
- Ensure you always stay within the law (this is for over 18's as well!) including rules and guidelines on any online fundraising platforms you use.
- Ensure that you are safe when you are fundraising as well as getting to or from where you are fundraising.
- Ensure an adult is responsible for collecting and counting monies (two adults should do this, so they can double-check the monies raised).

You are amazing for supporting DEBRA UK. Thank you.
