OUR CAUSE

DEBRA UK is the national charity and patient support organisation for people living with epidermolysis bullosa (EB).

EB is a group of rare and incredibly painful skin conditions that cause the skin to blister and tear at the slightest touch leaving raw, open wounds. EB can affect the feet only or any part of the body including blistering on the eyes and internal organs including the throat. In severe cases it can be fatal.

DEBRA provides community care and support that aims to improve quality of life for the thousands of children and adults living with EB in the UK today.

DEBRA also funds pioneering research that aims to secure effective drug treatments for every type of EB, drug treatments that could help stop the pain of EB.

Day 2 – June 14th

Day 2 of the Champagne Tour promises an immersive experience into the heart of the Champagne region. After enjoying a delightful breakfast at the Auberge de Jeu de Paume, we set off on a scenic drive to Epernay, a journey that takes just over two hours. The picturesque route winds through charming French countryside, dotted with vineyards and quaint villages.

Upon arrival in Epernay, we will check in at the elegant Hostellerie la Briqueterie. This luxurious retreat, surrounded by manicured gardens, will serve as our base for the next leg of our adventure. After settling in, we will board a coach that will whisk us away to the centre of Epernay where you will have the afternoon free to have lunch in Epernay and spend the afternoon visiting the town's famous Avenue de Champagne, often referred to as the "Champs-Élysées of Champagne," lined with prestigious Champagne houses. Please note booking in advance will be essential but we will provide you with all the details in advance of the tour.

As the day draws to a close, the coach will return us to Hostellerie la Briqueterie. Here, you can unwind and take in the serene ambiance of the hotel before gathering for drinks and a sumptuous dinner. The evening will be a perfect end to a day filled with discovery, indulgence, and the sparkling essence of Champagne.
